Workshop Topic:

Breakout into groups by health equity indicator. Each person will share the answers to questions 1 and 5 from their individual reflection with the group. Ask the group the following question:

1. Is there anyone else in the community who is already doing this or something similar? If so, how do you propose we plug into the existing effort?

Does anyone on your team have a similar issue/concern? Collaborate with them and the rest of the group to strengthen a solution.

2. What is the vision and goal of this project?

3. List desired outcomes and/or deliverables.

4. What is the timeframe?

5. List resources needed.

6. Is there a budget? If so, what is it?

7. List potential threats/risks.

8. What are some success indicators?

9. What organization, coalition, or group of individuals could best implement this project?
